

Feed My Sheep

Summer Tour

OCTOBER 1ST, 2009

Arrival Stateside

We arrived home safely on June 9 after a very blessed month of May in Haiti. We had Billy Longenecker and Ty Getz stay an entire month. They were joined by 3 more college friends for 10 days. WOW!!! All 5 were a great joy to be around and they were a blessing to the Haitians. Leah Bomberger conducted many talks with the women of the village, took surveys and had a women's seminar with about 50 women.

Trevor Sells came last year and saw the need for the replanting of trees. He obtained grants to start a tree project through Feed My Sheep. P.T.L!!! We purchased 1,500 seedlings consisting of several fruit trees and wood trees. We got the chain link to put the fence up and secure the property. Adam Parker was there on his first trip to Haiti and he really took a lot in and was a pleasure to get to know. Billy and Ty and the others were of great assistance with many of the chores and they worked hard on their Creole studies.

Preparing for our Summer Trip

We were in Florida 6/10-21. We left our church after services on the 21st and headed for Dallas, Ga. We stayed a week with James, Heather and our grandson A.J. and had a great time. They have a beautiful home there and seem to be in a great neighborhood.
