A Little Update

We're back in Haiti, and God has obviously answered many prayers concerning the political unrest here. With the original Presidential election, President Prevail's son in law made it to the run—off election. Most Haitians believed this was not a legitimate count of the votes which caused most of the demonstrations and unrest. Since then, he has dropped out of the race, and the 2 remaining candidates in the run—off appear to be the people's true choice, so at this time, all appears to be peaceful. PTL!! Even though Baby Doc is still in the country, he's remaining low key, and there does not appear to be much concern aimed toward him.

So, if you are now more inclined to bring a team over, go to our web site, listed on letterhead, and click on the 2011 calendar and see the weeks we now have open. We would love to have more teams this year.

We have 2 college students with us this week working on the tree project, distributing and planting more than 2,000 trees in the mountains behind our village. There is a huge need for this.

Our LOADED truck is at the docks in Riviera Beach, Fla. And is supposed to ship March 12. We're praying that funds will be available to pay the duty taxes when it arrives. Any one wishing to contribute to this fund can send their checks to P.O. BOX 341 BELL, FLA. 32619 and earmark the check as "TRUCK DUTY". As God always blesses us and the ministry, we know that God will continue to bless you, our faithful supporters.

Thanks to Everyone for Your
Prayers and Support.
