

Tuesday, March 9<sup>th</sup>, 2010

Dear Friends and Family,

We arrived in PAP Tue. March 2 safely and arrived in Montrouis with NO problems. Grocery shopping in PAP is pretty much gone. We hear the Eagle Market and one other store is still open. We went to St. Marc to the DeliMart and got some supplies. It is hard to find good frozen meats, but thank God we had a sheep and cow before the quake and we will be slaughtering them within the month.

No problem with fuel, but it and most everything else, prices have gone up. Also, our US dollar is exchanging for 7.0 instead of 8.4. Our local market is not only full on Tue and Sat. but we're able to buy fresh produce daily there. Things are peaceful here in Montrouis, but crowded. Haitian officials are encouraging Americans to set up more relief efforts outside PAP to promote more to evacuate PAP and receive relief and aide in a more organized fashion. The more we can get out of PAP the less chaos there.

With generous funding from the US while home, we've been able to continue our medical clinic with our Haitian staff. We now have 2 - 40 ft. containers and a large diesel box truck on their way here. These containers are full of clothes, med. supplies, tents, tarps, and tons of food. Please help us pray for their swift arrival with little delay through customs and minimal duty costs.

We see no complications or problems with teams coming in. Transportation to and from the airport are with no problems. \*\*\*HOWEVER, ANY TEAMS WISHING TO MAKE A TRIP IN WHILE WE ARE HERE, BETWEEN NOW AND JUNE 10 (WHEN WE LEAVE) YOU NEED TO BOOK NOW!! THERE ARE MANY SAYING THEY WANT TO COME. INTERNET IS SPORADIC. IF YOU WISH YOU CAN CALL US AT: 001-509-3639-2697. YOU CAN GET AN INTERNATIONAL PHONE CARD AT A DOLLAR GENERAL OR WALMART AND THE CHARGES ARE SMALL

Thanks again to everyone for all your help and prayers. We are excited to get the distribution of the supplies out.

"IN GOD WE TRUST"

Blessed and Thankful,  
Richard and Beverly Felmey
