To: "Felmey: Richard & Beverly"

Subject: How are you?

To our dear friends Richard and Bev,

We are keeping you in our prayers regularly and have since we heard of the quake. We also had prayed for the roof work and the team that had been there before the quake hit. I cannot imagine all that you have gone through in the past weeks. Betsy is great on keeping us informed.

Our hearts hurt along with you for all that is happening in Haiti including Montrouis. I keep trying to imagine the flood of people that are there....I thought it was crowded when we were there! We are also praying for the people we know by name from FMS and from the village.

So many people have asked us about Haiti because they knew we were there two years ago. Our Compassion "son" as far as we know is ok, because his village is Port-de-Paix, which is farther north than St Marc.

May God extend his Grace, Love, and Mercy upon you as you take one day at a time. May his peace wash over you and wrap around your hearts.

Just a quick update on our family: Josh is nearly 18, a senior, Jeremy 15, a sophomore, Jordan 13, in 7th grade, Jansen 8years, 2nd grade. I am feeling like a shrimp these days, they are all taller than me, except Jansen!! They all want to come back to Haiti someday. Focus on the Family featured Jansen and our trip to Haiti in their kids magazine, 'Clubhouse Jr.' There are pictures of him handing out candy to the Haitian people and playing with the children. He has shared our video from our mission trip in his public school class in Kindergarten and in 1st grade. He may share the video in his class yet this year also. Your ministry is going forth even here in the states!

Our love and prayers are with you.

Randy and Jana Martin and Sons
